Scotch® Performance Green Masking Tape 233+

Built to Perform

With Exceptional Results

Collision repair conditions can be extreme. Bake temperatures, harsh solvents and wet conditions can take their toll on your repair materials. Only the best materials get the vehicle repaired on time, the first time. Scotch® Performance Green Masking Tape 233+ is built to perform when you need it most. Superior adhesion and holding power produces clean, crisp paint lines. Scotch® Performance Green Masking Tape 233+ boosts productivity with quick and easy application and clean removal, so you spend less valuable repair time cleaning up after the job.

Scotch® Performance Green Masking Tape 233+ is built to perform at the highest standards.

The Evolution of GREEN Masking Tape

For nearly a century, 3M has been revolutionizing the professional automotive masking market. From the invention of automotive refinish masking tape in 1925 to the introduction of Scotch® 233 Automotive Refinish Masking Tape in 1959, 3M™ Masking Tape remains the industry leader.

The invention of Scotch® Performance Green Masking Tape 233+ pioneered a revolutionary manufacturing process, eliminating the use of solvents in the manufacturing process. 3M is recognized worldwide for its success in sustainable practices. This is a part of the continual investment in premier technologies to meet the needs of future generations.

Scotch® Performance Green Masking Tape 233+, the color says it all.
